

Lauderdale Lakes News Releases And Briefings

(LAUDERDALE LAKES, Florida January 18th, 2014) Today the City of Lauderdale Lakes, partnered with Representative Hazelle Rogers and Farm Share, hosted the “A Day of Giving” Food Distribution at Vincent Torres Park, located at 4331 NW 36th Street, Lauderdale Lakes. The event started promptly at 10:00AM.

“Farm Share is a large-scale food bank and charitable packinghouse that specialize in getting donated fresh fruits and vegetables from Florida’s farmers and putting it into the hands of the millions of low-income families in need of nutritious food. The organization has been able to partner with municipalities like Lauderdale Lakes through their State and local officials.

Lauderdale Lakes Parks and Human Services Department traded their Lauderdale Lakes uniforms for Farm Share gear today as they rolled their sleeves up and extended their time and strength to get the Lauderdale Lakes residents stored up with fresh fruits and vegetables. Not only did Farm Share provide produce; the early birds received bread, turkey, a bag of household cleaning supplies, can goods that the City of Lauderdale Lakes provided. “In today’s economy, it is vital that we partner with these type organizations so that we can provide relief to our friends and neighbors,” said Commissioner Levoyd Williams, who shared his strength with the elderly residents by carrying their bags to their vehicles.

The line wrapped around the building this morning. However, the team managed the lines perfectly and serviced over 300 families in 2 hours. Parks and Human Services Director, Treasa Brown-Stubbs, Public Works Director, Manny Diaz, and the City Manager, Jonathan Allen all pitched in to make the event a seamless and pleasant affair.

For more information, please contact Lauderdale Lakes Parks and Human Services at 954-535-2785 or Representative Hazelle Rogers at 954-497-3367.
