~~Sec. 82-192. Local business preference for city purchases.~~

(a)

~~*Definitions.* For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:~~

~~*Business location* means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.~~

~~*Local business* means a vendor who has a business location within the city, who has a current, valid, city occupational license and whose business stationery and business cards make a specific reference to a Lauderdale Lakes address.~~

~~*Low bid* means a vendor who is qualified to perform the work required under the invitation to bid, meets all conditions of the invitation to bid, and has submitted the lowest price in the bid response, and shall also include the consideration of the following items: the ability and capacity to perform the contract or provide the goods or services required; whether the vendor can perform the contract or provide the goods or services within the time specified in the invitation to bid; the character, integrity, reputation, judgment, experience and efficiency of the vendor; the vendor's quality of performance on previous jobs; the vendor's past and current compliance with laws and ordinances; the sufficiency of financial resources and ability to perform the contract or provide the goods or services; the quality, availability, and adaptability of the goods or services to the particular use required; and the ability to provide future maintenance on the contract or goods or services.~~

~~*Qualified local business* means a local business which satisfies the requirements under the bid guidelines to perform the services or goods requested.~~

~~*Vendor* means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation which offers to contract with the city for either goods or services.~~

(b)

~~*Procedure; notice of option to match low bid.* The city shall give a preference to a qualified local business which responds to bid proposals or an invitation to bid in the following manner:~~

(1)

~~If a qualified local business submits a response to either an inquiry made pursuant to informal competitive conditions or a formal invitation to bid,~~

as required in section 82-234, and the original bid of the qualified local business is within five percent of the low bid, then the city shall give the qualified local business the opportunity to meet the price of the low bid. The order of preference by which the qualified local business shall be given the opportunity to match the low bid shall be from the lowest to the highest bid, as long as the initial bid was within five percent of the low bid.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low bid within five business days of determining the low bid. There shall only be one valid notice of an opportunity to match the price of the low bid outstanding at any one point in time.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two days of the posting or transmission of the notification of the option to match the low bid, then the failure to respond shall be deemed to be a denial of the opportunity to match the low bid. Should the qualified local business choose to meet the price of the low bid, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low bid, then the contract shall be offered to the low bidder.

(e)

Disclosure. The requirements of the city's local policy shall be disclosed in all bid packages or requests for bids.

(d)

Exceptions. The requirements for local business preference shall not apply to either purchases made utilizing cooperative purchasing agreements, emergency purchases, responses to a request for proposal, purchases authorized by the city manager without city commission approval, or any contract subject to the requirements of this Code incorporating the requirements of the Consultant's Competitive Negotiation Act.

Sec. 82-193. Public contracts.

(a)

Contracts for supplies, equipment, materials or public works. Unless otherwise exempt or waived under this section, all contracts for the acquisition of supplies, equipment, materials or public works for the city government in excess of \$5,000.00 shall require approval of the city commission, unless such authority has been specifically delegated to the city manager. All contracts for the acquisition

~~of supplies, equipment, materials and public works for the city government in excess of \$10,000.00 shall be approved by the city commission only after informal competitive conditions have been maintained and written quotes have been received from at least three different sources of supply. Contracts for the acquisition of supplies, equipment, materials or public works exceeding an anticipated expenditure of \$25,000.00 shall be approved by the city commission only after formal competitive conditions have been maintained, written specifications provided, advertisement for bids in a newspaper of general circulation published in the county shall have occurred in at least two consecutive issues of such newspaper, not less than 12 days prior to the date of reception of such bids, and written responses have been received.~~

(b)

~~*Exception.* The requirements for competitive bids shall not apply to the acquisition, either by purchase, lease or otherwise, of a utility, facility, enterprise, work, undertaking or project, or a combination of any of the same, which has already been constructed and is in existence, and no advertisement for bids shall be necessary, and it shall not be necessary to receive competitive bids; provided, however, the city commission shall pass an ordinance with respect to such purchase, as a condition precedent thereto. If the city shall desire to construct, or cause to be constructed, a utility, facility, enterprise, work, undertaking or project, or a combination of any of the same, and pay for the entire cost of construction, including engineering and other professional fees, land acquisition costs and interest during construction by payment for such construction with revenue bonds, the city shall have the power to effect such transaction and all matters pertaining thereto, and the city commission shall have the discretion as to whether or not advertisements for bids and competitive bidding should be or should not be had. The city shall have the power to enter into a lease, as lessor of any utility, facility, enterprise, work, undertaking or project, or a combination of any of the same, without being required to advertise for bids or take competitive bids, if the amount of lease or license monies to be received equals or exceeds the amount necessary to service such revenue bonds, including payment of principal and interest and all other costs, for which the income from the utility, facility, enterprise, work, undertaking or project, or a combination of any of the same, is pledged.~~

(c)

~~*Cooperative purchasing agreements; purchases from pools; purchases from sole source.* Purchases may be made from other governmental entities and, where permissible, by utilizing purchasing contracts or cooperative purchasing arrangements or pre-negotiated price agreements or an approved contractors' list of other governmental entities, including, but not limited to, any county of the state, or the state, or any city of the state, or any of the agencies thereof, and these purchases are exempt from the advertising and competitive bid requirements. No~~

~~competitive conditions shall be required for the purchase or lease of any equipment, supplies or materials in the case that there is only one source therefor.~~

(d)

~~*Emergency purchases.* The requirements for competitive bids shall not apply to the acquisition of supplies, equipment and/or materials for the city government or to contracts for the construction of public works upon a finding by the affirmative vote of a quorum of the city commission that an emergency exists with respect to such purchase or the letting of such contract, such that compliance with such competitive bid requirements would subject the citizenry to grave danger or the treasury of the city to a substantial loss of money or result in a loss to the city of an opportunity to effect such purchase or make such contract on favorable financial conditions, that would not exist were the city to delay the proceedings by letting the purchase or contract for bid.~~

(e)

~~*Waiver.* The provisions of this section may be waived by the unanimous vote of the city commission members present, provided that such affirmative vote shall not be less than five members.~~

(f)

~~*Requests for proposals.* Nothing contained in this section shall prohibit the city manager from seeking proposals from qualified providers for any purchase in which a request for proposal, rather than a bid, is deemed to be in the best interest of the city by the city manager; subject however to the city commission's award of any request for proposal exceeding \$5,000.00.~~

g.

Correction or withdrawal of bids; cancellation of awards. Correction or withdrawal of inadvertently erroneous bids shall be permitted up to the time of bid opening. Mistakes discovered before bid opening may be withdrawn by written notice received in

the office designated in the invitation for bids prior to the time set for bid opening. Any modification prior to the bid opening must be submitted in a sealed envelope prior to the scheduled opening of the bid.

After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interests of the city or fair competition shall be permitted. In lieu of bid correction, a low bidder alleging a material mistake may be permitted to withdraw its bid if:

1.

The mistake is clearly evident on the face of the bid document, but the intended correct bid is not similarly evident, or

2.

The bidder submits evidence that clearly and convincingly demonstrates that a mistake was made.

All decisions to permit the correction or withdrawal of bids after bid opening, based on bid mistakes, shall be supported by a written determination made by the director of financial services or designee.

h.

Bid evaluation. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability, such as inspection, testing, quality, workmanship, delivery and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life cycle costs. In the event all the low responsive and responsible bid for a project exceeds available funds, the director of financial services or designee is authorized,

when time of economic considerations preclude re-solicitation, to negotiate a reduced scope of work and an appropriate adjustment of the bid price, including changes in the bid requirements, with the low responsive and responsible bidder, in order to bring the bid within the amount of available funds. In determining the lowest responsive and responsible bidder, in addition to price, city officials may consider other factors that relate directly to the bidder's level of responsibility pursuant to the requirements of subsection 82-196.6 (a)(1)h of this Code, ("Methods of Source Selection, Competitive Sealed Bidding, Bid Evaluation").

i.

Award to other than low bidder. When award of a solicitation is not granted to the lowest priced, a statement of the reason for award to the next lowest responsive and responsible bidders shall be prepared and made a part of the record file.

k.

Local business preference

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor who has a business location within the city, who has a current, valid, city tax receipt certificate and whose business stationery and business cards make a specific reference to a Lauderdale Lakes address.

Low bid means a vendor who is qualified to perform the work required under the invitation to bid, meets all conditions of the invitation to bid, and has submitted the lowest price in the bid response, and shall also include the consideration of the following items: the ability and capacity to perform the contract or provide the goods or services required; whether the vendor can perform the contract or provide the goods or services within the time specified in the invitation to bid; the character, integrity, reputation, judgment, experience and efficiency of the vendor; the vendor's quality of performance on previous jobs; the vendor's past and

current compliance with laws and ordinances; the sufficiency of financial resources and ability to perform the contract or provide the goods or services; the quality, availability, and adaptability of the goods or services to the particular use required; and the ability to provide future maintenance on the contract or goods or services.

Qualified local business means a local business which satisfies the requirements under the bid guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation which offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match low bid. The city shall give a preference to a qualified local business which responds to bid proposals or an invitation to bid in the following manner:

(1)

If a qualified local business submits a response to either an inquiry made pursuant to informal competitive conditions or a formal invitation to bid, as required in this code, and the original bid of the qualified local business is within five (5%) percent of the low bid, then the city shall give the qualified local business the opportunity to meet the price of the low bid. The order of preference by which the qualified local business shall be given the opportunity to match the low bid shall be from the lowest to the highest bid, as long as the initial bid was within five percent of the low bid.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low bid within five (5) business days of determining the low bid. There shall only be one valid notice of an opportunity to match the price of the low bid outstanding at any one point in time.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted

must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the option to match the low bid, then the failure to respond shall be deemed to be a denial of the opportunity to match the low bid. Should the qualified local business choose to meet the price of the low bid, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low bid, then the contract shall be offered to the low bidder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all bid packages or requests for bids.

(d)

Exceptions. The requirements for local business preference shall not apply to either purchases made utilizing cooperative purchasing agreements, emergency purchases, responses to a request for proposal, purchases authorized by the city manager without city commission approval, or any contract subject to the requirements of this Code incorporating the requirements of the Consultant's Competitive Negotiation Act.

(2)

Electronic auctions/reverse auctions.

a.

The city may award contracts for supplies and nonprofessional services by electronic auctions, otherwise known as reverse auction, a procurement method where bidders, anonymous to each other, electronically submit real time bids. During the bidding process, bidders' prices are revealed and bidders shall have the opportunity to modify their bid prices for the duration of the time period established by the solicitation. Award shall be made to the lowest responsive and responsible bid.

b.

Public notice. Adequate public notice of the electronic auction/reverse auction shall be given in the same manner as provided in subsection 82-196.6, 1. 1 a - c of this section, ("Methods of Source Selection, Competitive Sealed Bidding, Public Notice").

Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining BAFOs. In conducting such discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors. In the event of receipt of an adequate number of proposals, which in the opinion of the evaluation committee require no clarification and/or supplementary information, such

proposals may be evaluated without discussion or need for presentations.

h.

Award. Award shall be made to the responsible offeror whose proposal conforms to the solicitation and is determined in writing to be the most advantageous to the city taking into consideration price and the evaluation factors set forth in the request for proposals. No other factors or criteria, except those set forth in the solicitation, shall be used in the evaluation. The contract file shall contain the basis upon which the award is made. (4)

Invitation to negotiate.

a.

1.

Sequential negotiations: The city may consider the respondent's statements of qualifications without consideration to price, and may select the most qualified respondents as finalists. The city may conduct interviews with all finalists, and rank the responses without regard to price. Exclusive negotiations as to the scope of work, terms

and price may be conducted with the respondent providing the proposal ranked as most advantageous to the city. If an agreement is not reached, the city may commence negotiations with the successive ranked respondents until an agreement is attained.

2.

Concurrent negotiations: The city may consider the respondent's statement of qualification and price; however, both are subject to future negotiations. The city may select a group of the most qualified respondents as finalists and commence simultaneous negotiations with each regarding the scope of work and price. Final BAFOs may be requested of the finalists. In determining the best value, the negotiation team may re-rank the respondents. Award of a contract is made to the respondent representing the best value to the city.

h.

All expenses, including travel expenses for interview, incurred in the preparation of the proposal shall be borne by the proposer. After presentations and interviews have been completed, the SAC shall rank all responses and determine the response that is most advantageous to the city.

b.

The ranking of firms shall be based on the SAC's ability to differentiate qualifications applicable to the scope and nature of the request for proposals. Such determination shall be based on, but not necessarily be limited to:

1.

The proposer's demonstrated understanding of the city's requirements and plans for meeting those requirements;

2.

All change orders decreasing the cost of the contract to the city; providing, however, such decrease does not materially alter the character of the work contemplated by the contract;

(2)

All change orders increasing the cost of the contract to the city, where the total revised cost of the contract does not exceed the formal competitive purchasing Category Two threshold as defined in the most current version of F.S. § 287.017(3), as amended, provided that sufficient budgeted funds are available

Professional services. Contracts for the service of professionals, including but not limited to the practice of law, management consulting, medicine, real estate appraisal, or other area of expertise as determined by the city manager or designee to be in the best interest of the city, and not otherwise subject to the requirements of F.S. § 287.055, as amended, may be entered into without competitive bidding, however, qualifications, work history and other relevant data shall be reviewed before entering into such contracts. Bid security shall be a bond provided by a surety company licensed to do business in the State of Florida or the equivalent in cash or otherwise supplied in a form satisfactory to city and approved by the director of financial services or designee.

(2)

Amount of security. Bid security shall be in an amount equal to at least five (5%) percent of the amount of the bid.

(3)

Rejection of bids for noncompliance with bid security requirements. When the invitation for bids requires security, noncompliance requires that the bid be rejected unless, pursuant to regulations, it is determined that the bid fails to comply in a non-substantial manner with the security requirements.

(4)

If a bidder is permitted to withdraw its bid before award as provided in subsection 82-196.6(a)(1)g. of this Code, ("Methods of Source Selection, "Correction or Withdrawal of Bids; Cancellation of Awards"), no action shall be taken against the bidder or the bid security.

(b)

Performance and payment bonds.

(1)

When a construction contract is awarded in excess of two hundred thousand dollars (\$200,000.00), the following bonds as security shall be delivered to the city and shall become binding on the parties upon execution of the contract as required in F.S. § 255.05 and F.S. § 713.01, as either statute may be amended.

a.

Performance bond: Required to ensure the completion of a project in the event of contract breach or forfeiture by the contractor.

b.

Payment bond: Required to ensure the payment of sub-contractors and suppliers to a contractor, for work completed in the event of contract breach or forfeiture by the contractor.

(2)

When required.

a.

The director of financial services or designee shall require performance and payment bonds for all contracts for the construction of a public building or public work, or for repairs upon a public building or a public work whose estimated construction cost exceeds the thresholds established by subsections 82-196.9(b)(1) of this Code.

b.

Performance and payment bonds may also be required, at the discretion of the director of financial services or designee, for construction work estimated to cost less than the thresholds established by F.S. § 255.05, as amended. Performance and payment bonds shall be executed by a surety company authorized to do business in the State of Florida in an amount equal to one hundred (100) percent of the contract price or otherwise secured in a manner satisfactory to the city. The bonds shall be recorded in the public records of Broward County, Florida.

(3)

Reduction of bond amounts. The director of financial services or designee shall be authorized to reduce the amount of performance and payment bonds when conditions warrant, and when there is no statutory requirement for performance and payment bonds.

(4)

In lieu of a performance and payment bond, the city may accept cash, money order, certified check, cashier's check, or irrevocable letter of credit in the amount of one hundred (100) percent of the contract price. Such alternate form of security shall be for the same purpose and shall be subject to the same conditions as a performance and payment bond.

(c)

Guidelines and standards for surety companies. The director of financial services or designee in consultation with the city's human resources and risk management director may establish minimum guidelines and standards for surety companies providing performance and payment bonds to the city on behalf of a contractor.

(d)

Use of city forms. The city reserves the right to require that all bid sureties, performance and payment bonds be submitted on forms prescribed by the city. The director of financial services or designee shall include copies of any

prescribed bond forms as a part of the solicitation document provided to bidders and proposers.

SECTION 11. CREATION: Section 82-196.10 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.10. - Insurance requirements.

The director of financial services or designee with the concurrence of the human resources and risk management director may establish guidelines for determining the type and minimum limits of liability, workers' compensation and other forms of insurance coverage that may be required for each type of contract. The City of Lauderdale Lakes shall be named as an additional insured for any required general liability coverage. From time to time, the city may require a contractor or consultant to provide the city with professional liability errors and omissions coverage. Firms unable to comply with the requirements of this section may be considered to be non-responsive vendors and precluded from doing business with the city.

SECTION 12. CREATION: Section 82-196.11 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.11. - Types of contracts and contract administration.

(a)

General. Firm fixed price contracting is the preferred method; however, any type of contract which will promote the best interests of the city may be used; provided that the use of a cost-plus-a-percentage-of-cost contract is prohibited. A cost-reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the city than any other type or that it is impracticable to obtain the supplies, services, or construction required, except under such a contract.

(b)

Multi-year contracts.

(1)

Specified period. Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interests of the city provided the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and funds are available for the first fiscal period at the time of contracting. Payment

and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds for such contract.

(2)

Use. A multi-year contract is authorized where:

a.

Estimated requirements cover the period of the contract and are reasonably firm and continuing; and

b.

Such a contract will serve the best interests of the city by encouraging effective competition or otherwise promoting efficiencies in city procurement.

(3)

Cancellation due to unavailability of funds in succeeding fiscal periods. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be cancelled and the contractor shall be paid for any work, supplies or services already delivered under the contract. This provision shall be disclosed in all solicitations required by this Code.

(c)

Contract administration. The director of financial services or designee shall establish operational procedures to maintain a contract administration system designed to ensure that a contractor is performing in accordance with the solicitation requirements for which the contract was awarded and the terms and conditions of the contract.

(d)

Contingent contracts. The use of contingent contracts is prohibited.

SECTION 13. CREATION: Section 82-196.12 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.12. - Specifications.

(a)

Maximum practicable competition. All specifications and statements of work used for formal competitive solicitations shall be drafted to promote overall economy for the purposes intended, to encourage competition in satisfying the city's needs, and shall not be unduly restrictive. This requirement shall apply to all specifications including, but not limited to, those prepared for the city by outside sources.

(b)

Required characteristics. All specifications should include required characteristics for performance and design. To the extent practicable, and unless otherwise permitted by this Code, all specifications shall describe the city's requirements in a manner that does not unnecessarily exclude a material, service or construction item. All specifications and statements of work used for competitive solicitations are subject to the final approval of the director of financial services or designee.

(c)

Relationship with user departments. The director of financial services or designee shall obtain expert advice and assistance from personnel of user departments in the development of specifications and may delegate to a user department the authority to prepare and utilize its own specifications.

SECTION 14. CREATION: Section 82-196.13 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.13. - Procurement of construction and professional design services.

(a)

Procurement of construction delivery methods. Contracts for construction services shall be procured in accordance with Florida Statutes and with established procurement procedures and delivery methods approved by the director of financial services or designee. Construction delivery methods may include, but are not limited to, design-bid-build, design/build, construction manager-at-risk, task order-contracting, fixed price, or other approved methods.

(b)

Bonds and insurance requirements for construction projects. The city shall require bonds and insurance from contractors for construction projects as prescribed in sections 82-196.9, "Bonds and Security Requirements" and 6-150, "Insurance" of this Code.

(c)

Professional design services. Contracts for professional design services, including architectural, professional engineering, landscape architecture or registered surveying or mapping services must be procured in accordance with the Consultants' Competitive Negotiations Act F.S. § 287.055, as amended, in accordance with the requirements of subsection 82-196.6(a)(2) of this Code, ("Methods of Source Selection; Competitive Sealed Proposals") utilizing a qualifications- based procurement process which shall not permit the use of price as an evaluation factor.

SECTION 15. CREATION: Section 82-196-14 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.14. - Appeals and remedies.

(a)

Applicability. This section shall apply to protests by bidders and proposers regarding claims made by contractors holding a city contract, and shall only apply to protests by bidders or offerors when the city manager recommends a purchase in excess of the city's formal competitive threshold as established in subsection 82-196.6(a) "Methods of Source Selection", "General" of this Code.

(1)

Protests; right to protest. Any actual or prospective bidder, offeror, or contractor who is aggrieved in connection with the solicitation or award of a contract may protest to the director of financial services or designee. The protest shall be submitted in writing within five (5) business days after such aggrieved person knows or should have known of the facts giving rise thereto.

(2)

Contract claims. All claims by a contractor against the city relating to a contract shall be submitted in writing to the director of financial services or designee. The contractor may request a conference with the director of financial services or designee on a submitted claim. Claims include, without limitation, disputes arising under a contract and those based upon breach of contract, mistake, misrepresentation, or other cause for contract modification or rescission.

(3)

Service of a protest. Service of a protest by mail or courier shall not expand the time frame period allowed for delivery of a protest.

(b)

Authority to resolve protests and contract claims.

(1)

Protests. The director of financial services or designee, after consulting with the city attorney, shall have the authority consistent with this Code to settle and resolve a protest of an aggrieved bidder, offeror, or contractor, actual or prospective, concerning the solicitation or award of a contract.

(2)

Contract claims. The director of financial services or designee, after consulting with the city attorney, shall have the authority to resolve

contract claims, subject to the approval of the city manager or city commission, as applicable, regarding any settlement that will result in a change order or contract modification.

(c)

Decision. If a protest brought pursuant to subsection (a) of this section is not resolved by mutual agreement, the director of financial services or designee shall promptly issue a decision in writing to the protesting party upholding or denying the protest or staying the award process for further investigation. A copy of the decision shall be mailed or otherwise furnished to the protestant or claimant and any other party intervening. The decision shall state the reasons for the action taken.

(d)

Finality of decision. A decision under subsection (c) of this section shall be final unless within three (3) business days from the date of receipt of the decision, the protestant or claimant files a written appeal with the city manager.

(e)

Authority of the city manager. The city manager shall have the jurisdiction to review and determine any appeal by an aggrieved party from a determination by the director of financial services or designee regarding a protest or contract claim. Such decision shall be final and conclusive.

(f)

Protest limitations. A written protest may not challenge the relative weight of evaluation criteria or a formula for assigning points.

(g)

Protest bond required. Upon the filing of a formal written protest the contractor or vendor shall post a bond, payable to the City of Lauderdale Lakes, in an amount equal to five (5) percent of the total bid or estimated contract amount, or five thousand dollars (\$5,000.00), whichever is less. The bond shall be conditioned upon the payment of all costs which may be adjudged against the protesting contractor or vendor in the event the protest is resolved adversely to the protester. An irrevocable letter of credit or other form of approved security, payable to the city, will be accepted. Failure to submit a bond simultaneously with the formal written protest shall invalidate the protest and the city may proceed to award the contract as if the protest had never been filed.

(h)

Consideration of timely protests. The city's consideration of a timely written protest shall not necessarily stay the award process, as may be in the best interest of the city. The director of financial services or designee, through the city manager, may recommend to the city commission to render moot any written protest that is overtaken by events, in which case the city commission may abate or dismiss such protest.

(i)

Timely submittal of protest or appeal required. Failure of a party to submit timely a written protest to the director of financial services or designee within the time provided in this section shall constitute a waiver of such party's right to protest pursuant to this section.

(i)

Costs. Any and all costs incurred by a protesting party in connection with a protest pursuant to this section shall be the sole responsibility of the protesting party.

SECTION 16. CREATION: Section 82-196.15 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.15. - Authority to debar or suspend.

(a)

Authority. The city manager or designee, after reasonable notice to the person involved and reasonable opportunity for that person or firm to be heard, is authorized to debar a vendor or bidder for cause from consideration for award of contracts. Debarment shall not be for a period of more than three (3) years.

(b)

Causes for debarment or suspension. The causes for debarment or suspension include the following:

(1)

Conviction for the commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;

(2)

Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a contractor;

(3)

Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals or contracts;

(4)

Violation of contract provisions, as set forth below, of a character which is regarded by the city manager or designee to be so serious as to justify debarment action:

a.

Deliberate failure without good cause to perform in accordance with the contract documents or within the time limit provided in the contract; or

b.

A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one (1) or more contracts; provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for debarment;

c.

Refusal to perform a contract after a contract is accepted by the city and awarded to the vendor.

d.

Any other cause the director of financial services or designee determines to be so serious and compelling as to affect the responsibility as a contractor, including, but not limited to, debarment by another governmental entity for any cause listed in regulations; and

e.

Violation of the ethical standards set forth in section 82-196.16 (Ethics in public contracting).

(c)

Decision. The director of financial services or designee shall issue a written decision to debar or suspend. The decision shall state the reasons for the action taken.

(d)

Notice of decision. A copy of the decision under subsection 82-196.15(c) shall be mailed or otherwise furnished immediately to the debarred or suspended person and any other party intervening.

(e)

Appeal. A decision under subsection 82-196.15(c) shall be final unless within ten (10) calendar days from the date of receipt of the decision, the protestant or claimant files a written appeal with the city manager.

(f)

Authority of the city manager. The city manager shall have the jurisdiction to review the financial services' decision regarding suspension or debarment and decide whether, or the extent to which, the debarment or suspension was in

accordance with this section, was in the best interest of the city, and was fair. Such decision by the city manager shall be final and conclusive.

SECTION 17. CREATION: Section 82-196.16 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.16. - Ethics in public contracting.

(a)

Standards of ethical conduct.

(1)

Ethical standards for employees. Any attempt to realize personal gain through public employment by conduct inconsistent with the proper discharge of the city employee's or elected official's duties is a breach of a public trust.

(2)

Ethical standards for non-employees. Any effort to influence any public employee to breach the standards of ethical conduct set forth in this section is also a violation of this article.

(b)

Standards of conduct for employees, public officials and suppliers.

(1)

Failure to follow proper procurement procedures. It shall be a violation of this section for any employee to order, contract for or purchase any materials, supplies or services except in strict compliance with all procurement procedures as provided herein or as established by administrative policy of the city.

(2)

Solicitation or acceptance of gifts.

a.

No city official or employee shall solicit or accept anything of value from any vendor or bidder, including a gift, loan, reward, promise of future employment, favor or service, based upon any understanding that the actions of that official or employee would be influenced thereby.

b.

No bidder, supplier, vendor or contractor shall solicit or provide anything of value to any city official or employee.

(3)

Doing business with the city. No city officer, agent, employee nor any elected public official acting in his or her official capacity shall directly or indirectly purchase, rent or lease any realty, goods or services for the city from any business entity of which the officer or employee or the officer's or employee's spouse or child is an officer, partner, director or proprietor or in which the official or employee or the officer's or employee's spouse or child, or any combination of them, has a material interest. No city official or employee, acting in a private capacity, shall rent, lease or sell any realty, goods or services to the city.

(4)

Unauthorized compensation. No city officer, agent or employee or his or her spouse or child shall, at any time, accept any compensation, payment or thing of value when that person knows, or with the exercise of reasonable care, should know, that it was given to influence action in which the official or employee was expected to participate in his or her official capacity.

(5)

Conflicting employment or contractual relationship. No city officer, agent or employee through outside employment or contractual relationship shall have any financial interests in the profits of any contract, service or other work performed by the city; nor personally profit directly or indirectly from any contract, purchase, sale or service between the city and any person or company through a relationship with any business entity which is doing business with the city. This section, however, shall not be construed to prevent any officer, agent or employee from accepting other employment or following any pursuit which does not interfere with the full and faithful discharge of the officer or employee's duties in his or her employment with the city.

(6)

Contingent fees. No city official or employee shall be retained, or shall retain a person, to solicit or secure a city contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee.

(7)

Confidential information. No city official or employee shall disclose or use any information not available to members of the general public and gained by reason of his or her official position for his or her personal gain or benefit or for the personal gain or benefit of any other person or business entity.

(8)

Prohibition against lobbying.

a.

During the solicitation of any bid or proposal, any firm and its agents, officers or employees who intend to submit, or who have submitted, bids or proposals shall not lobby, either individually or collectively, any city commission members, candidates for city commission or any employee of the city. Contact should only be made through regularly scheduled commission meetings, or meetings scheduled through the purchasing and contracts division for purposes of obtaining additional or clarifying information. Any action, including meals, invitations, gifts or gratuities by a submitting firm, its officers, agents, or employees shall be within the purview of this prohibition and shall result in the immediate disqualification of that firm from further consideration.

b.

During a formal solicitation process, contact with personnel of the city other than the director of financial services or designee or designated representative regarding any such solicitation may be grounds for elimination from the selection process.

SECTION 18. CREATION: Section 82-196.17 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.17. - Surplus tangible property.

(a)

Determination that property is surplus. At least once annually, each department shall review city inventory and make a determination of city property that should be classified as surplus; however, at any time during the fiscal year a department may identify property as being surplus.

(b)

Disposition of surplus property. The director of financial services or designee shall have the responsibility to dispose of any city tangible property that exists on the official municipal inventory, that is obsolete, worn out, excess, scrapped, or not cost effective to repair.

(1)

Using departments shall submit to the director of financial services or designee, at such time and on such forms that may be prescribed, reports

showing stock of all supplies which are no longer used or which have become obsolete, worn out, excess, scrapped or that are not cost effective to repair. The using department may suggest a dollar value per item or per lot of items; however, such suggestion shall not constitute the minimum sale amount.

(2)

The director of financial services or designee shall have the authority to dispose of surplus property by the method or methods deemed to be most advantageous, convenient and economical to the city. Methods of disposal of surplus stock may include, but not be limited to, the use of competitive sealed bids, public auction, including internet auctions, established markets, sales at posted prices, or trade-in for new equipment as may be prescribed for the individual situation.

(3)

Property that has been declared surplus that has a book value of greater than five thousand dollars (\$5,000.00) shall be disposed of by authorization of the city commission.

(4)

Property which has been declared surplus may be donated to an outside agency at the discretion of the city manager or designee. The city manager or designee shall report any donations with a book value of greater than five thousand dollars (\$5,000.00) to the city commission at its next regularly scheduled meeting.

(5)

Property which is in a wrecked, inoperative or partially dismantled condition, or which has deteriorated to the point that it has no apparent monetary value, or may pose a potential risk to the city if disposed of through a sale, may be discarded as trash in an environmentally acceptable method, upon receipt of written approval by the director of financial services or designee.

(6)

In the event that either the competitive sealed bid or public auction methods for disposal are used, notice of a proposed sale of property shall be publicly noticed by advertisement in a newspaper of general circulation within the city, or by electronic notice published on the Internet at least one (1) week prior to the scheduled sealed bid or auction. The property shall be available to prospective buyers for inspection in advance of the bid opening or auction.

(7)

Competitive sales of surplus property shall be made to the highest responsive and responsible bidder.

(c)

Surplus proceeds. The proceeds from any sale of city property, less selling expenses if applicable, shall be deposited into the fund which purchased the property. SECTION 19. CREATION: Section 196.18 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.18. - Surplus real property.

(a)

General. Upon the city commission's determination that continued ownership of any parcel of real estate is no longer necessary, appropriate, required for the use of, profitable to, or for the best interests of the city, the commission shall authorize by resolution or ordinance the sale or other disposition of such real estate. No sale or conveyance shall be deemed authorized except as provided in the authorizing resolution or ordinance.

(b)

Appraisal required. Prior to the sale or other disposition of any city-owned real property, an appraisal shall be obtained unless the city commission finds that, due to exigent or other circumstances, an appraisal would not be in the best interest of the city. For platted, undeveloped residential property, a recent appraisal of comparable property located in the same vicinity of the subject property may be utilized to satisfy the appraisal requirement. For purposes of this section, a "recent" appraisal shall mean one that was prepared not more than twelve (12) months prior to the proposed date of sale or other disposition.

SECTION 20. CREATION: Section 82-196.19 of the Code of Ordinances is hereby created to read as follows:

Sec. 82-196.19. - Acceptance of donations.

Donations other than sponsorships of city events, with an estimated value exceeding five thousand dollars (\$5,000.00), shall be approved by the city commission prior to acceptance.

Secs. 82-197—82-220. - Reserved.

SECTION 21. CONFLICT: All ordinances or Code provisions in conflict herewith are hereby repealed.

SECTION 22. SEVERABILITY: If any section, subsection, sentence, clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by

any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this Ordinance.

SECTION 23. INCLUSION IN CODE: It is the intention of the City Commission of the City of Lauderdale Lakes that the provisions of this Ordinance shall become and be made a part of the Code of Ordinances of the City of Lauderdale Lakes and that the sections of this Ordinance may be renumbered or relettered and the word "Ordinance" may be changed to "Chapter," "Section," "Article" or such other appropriate word or phrase, the use of which shall accomplish the intentions herein expressed; provided, however, that Section 1 hereof or the provisions contemplated thereby shall not be codified.
